SECTION ONE — Background

Zonta International believes young people are important to achieving gender equality and ending violence against women and girls around the world. To improve the lives of women and girls globally now and for generations to come, we must invest in youth development and mentor young leaders for gender equality.

Through the Z and Golden Z Club Program, Zontians work to bring Zonta International's mission to empower women through service and advocacy to students around the world and to stimulate new and meaningful student-led service and advocacy projects.

Z clubs are formed on secondary school campuses or in communities, and Golden Z clubs are formed on college and university campuses or in communities. Student clubs are designed to provide opportunities for young people to develop communication and leadership skills, explore career alternatives, and increase their international awareness and understanding through service. Clubs are open to all genders.

Zonta clubs sponsor Z and Golden Z clubs and provide students with the resources, information and guidance they need to improve the world around them. Z and Golden Z club students plan, organize and participate in unique activities that give them hands-on experiences in improving the lives of others at both a local and international level. The sponsoring Zonta club will provide young people in its community with the tools, information and guidance they need to impact the world around them and provide focus on improving the lives of women and girls.

Service Projects

Z and Golden Z clubs provide the opportunity for students in secondary and post-secondary schools to develop leadership skills, explore career alternatives and contribute to the local and international communities through club-determined service projects. Z and Golden Z club members are responsible for designing service projects that benefit their schools and fellow students and their local and global communities. Through Z and Golden Z clubs, students have the opportunity to become aware of their role as global citizens, to exchange ideas with others, to attend Zonta club meetings and conferences, while making new friends around the world.

Z and Golden Z club members are encouraged to plan projects at the school, community, and international levels that provide service and utilize the club's strengths and capabilities. School service projects are organized to benefit the school where the Z or Golden Z club is located. For example, many Z club members volunteer their time after school tutoring other students, arranging a school calendar or bulletin board, preparing and making announcements on the school public address system, or sponsoring a career night for fellow students.

The programs and projects chosen by Z and Golden Z club members together with the adviser and the sponsoring Zonta club, should be designed to meet the needs of members, the school and the community and have international emphasis. It is the school, the community and the international aspects that make Z and Golden Z clubs unique.

The Emma L. Conlon Service Awards - discontinued

This award was established in 1961 in honor of Past International President Emma L. Conlon, who provided financial support for the original awards. Following a decision by the voting body at the 2020 Convention, the award was discontinued. The award recognized those Z and Golden Z clubs whose projects and programs best expressed the ideals of Zonta International through local and international service and advocacy to empower women worldwide. These awards were given annually to four Z clubs and four Golden Z clubs based on applications submitted for review and judging by the International Z Club and Golden Z Club Committee. Recipients were required to use the Emma L. Conlon Service Award money for the clubs' service projects and to report to Zonta International as to how the award money was spent.

SECTION TWO — Organizing a New Z or Golden Z Club

Z and Golden Z clubs are sponsored and organized by Zonta clubs and usually local schools or universities, but some operate as off-campus clubs and may combine students from different institutions.

Everyone involved with a Z or Golden Z club benefits by working together in planning, organizing and participating in activities.

- ▶ *Local Action* on the Zonta International website provides more information.
- ▶ *Authorization Form for Z and Golden Z clubs*, under Forms — on the Zonta International website

The Sponsoring Zonta Club

Commitment to success is the first step in organizing a Z or Golden Z club. The greater the interest, participation and communication between the sponsoring Zonta club and its Z or Golden Z club, the greater the chance the Z or Golden Z club has of attaining its goals.

As the sponsor of a Z or Golden Z club, the Zonta club is responsible for:

- Paying the initial charter registration fee and the yearly renewal fee to Zonta International.
- Registering the new Z or Golden Z club by submitting the *Authorization Form for Z and Golden Z Clubs to Zonta International Headquarters*. The form should include the number of members, which should also be reported to Zonta International Headquarters annually. Copies of the request form must be sent to the:
 - governor
 - district Z Club and Golden Z Club committee chairman
 - Zonta International Z Club and Golden Z Club Committee chairman.
- Communicating regularly with the district and the Zonta International Z Club and Golden Z Club Committee to implement the Z club goals.
- Being the link between the Z or Golden Z club and Zonta International. Information from Zonta International is distributed to the sponsoring Zonta club via the club president who shares relevant information with the district Z Club and Golden Z Club Committee chairman and the Z or Golden Z club's advisers.

The District Z Club and Golden Z Club Committee

Under the guidance of the district board, each district Z Club and Golden Z Club Committee should be fully informed of local, district and international activities and programs for Z and Golden Z clubs. The district Z Club and Golden Z Club Committee chairman is the point of contact and support for the sponsoring Zonta club and it is therefore important that the committee is informed of the progress and growth of Z and Golden Z clubs in its district. The district Z Club and Golden Z Club Committee chairman is also responsible for reporting to the Zonta International Z Club and Golden Z Club Committee chairman as well as maintaining

records of Z and Golden Z Clubs in its district. A sponsoring Zonta club should inform the district Z Club and Golden Z Club Committee chairman early in the planning process.

Zonta International Z Club and Golden Z Club Committee members have been designated as liaisons to specific districts, and these members are an excellent resource and their experience and expertise should be used. It is, however, important that communication flows in both directions and Zonta International Z Club and Golden Z Club Committee members should be informed about current and developing clubs.

Adviser to a Z or Golden Z Club

Each Z or Golden Z club must have an adviser. For a club directly connected to a school, the adviser should be a member of the staff or faculty. Qualifications for an adviser include an interest in youth and the ability to guide and to encourage Z and Golden Z club members to participate actively in club projects. For off-campus clubs that may combine students from different institutions, a member of the sponsoring Zonta club would be the adviser.

► *New Z/Golden Z Club Authorization Request* under Governance/Forms

Procedure for Organizing a Z or Golden Z Club

There are several initial ways to start a Z or Golden Z club.

1. A Z Club and Golden Z Club Committee chairman is appointed in a Zonta club. The chairman heads a committee of Zonta club members who are responsible for seeking to establish a new Z or Golden Z club at a local school or off-campus. When the committee is ready to start the new Z or Golden Z club, they require the approval of the sponsoring Zonta club and also a commitment of the support of the members.
2. Some students contact a local Zonta club asking for assistance in starting a Z or Golden Z club at a school, college or university campus. If the club agrees to sponsor a Z or Golden Z Club, a committee should be formed in the club.
3. A single member of a Zonta club takes steps to find students interested in starting a Z or Golden Z club. When the initial approach to students has been positive, the project should be brought to the club and if the club members agree to take on and support the project, a club committee should be formed.

The club's committee chairman and the district committee chairman are key people who provide lines of communication between all parties.

For clubs to be established at a school, college or university campus, the next step would be to contact a representative of the school, college or university, who should be informed about the intent to start a club. The support of the educational institution where a Z or Golden Z club is being organized can be important for the success of the new club. One way to approach the school or the university could be to send a letter with information and request a meeting. A sample letter is provided in this manual. The prospective Z or Golden Z club members should assist by providing contact information to suitable recipients of such a letter. A personal approach may also be required.

► Appendix A of this manual

If a meeting is being arranged, it is essential that the information provided to the school is in the form of an attractive presentation, such as a video or PowerPoint, which is short and informative.

Off-campus clubs. For off-campus clubs, it is essential that the sponsoring Zonta club appoints an adviser who is a member of the club with an interest in youth development.

Z and Golden Z clubs are open to all students interested in promoting the objects of Z and Golden Z clubs.

- a. To follow the goals of Zonta International, to empower women through service and advocacy.
- b. To provide career guidance and to encourage leadership development.
- c. To promote fellowship.

The Z Club and Golden Z Club Committee from the sponsoring Zonta club meets with candidates to explain the purpose, goals and expectations of the Z and Golden Z club program. Members younger than the legal age of majority will need parental consent to participate. The new members of the Z or Golden Z club will be formally inducted at a charter presentation.

If a group of students is interested in forming a Z or Golden Z club, but the school system is unable for some reason to accept the club, an off-campus club may be a viable alternative. For off-campus Z or Golden Z clubs, the sponsoring Zonta club provides an adviser from its membership. In an off-campus Z or Golden Z club, the members can include students from several nearby schools.

Communications

The Zonta International Z Club and Golden Z Club Committee recognizes the need for effective communication among local Z and Golden Z clubs, sponsoring Zonta clubs, district committees and the Zonta International Z Club and Golden Z Club Committee.

By involving area directors and providing them with Z and Golden Z club updates, lines of communication remain open whereby Z and Golden Z club activities can become a shared experience within the district. By sharing ideas and events, other clubs who may need assistance generating or planning events and projects can be helped.

Sponsorship of a Z or Golden Z club establishes goodwill and wide recognition of Zonta clubs. It also offers publicity opportunities. For these reasons, attention should be given to Z and Golden Z clubs publicity efforts to ensure that reference to the sponsoring Zonta club is included in press releases. It is important that Z and Golden Z clubs prepare press releases to share their projects and experiences with others.

► *Press Release Examples*, Appendices E and F of this manual.

Social Networking. Facebook, Snapchat, LinkedIn, Twitter, YouTube and Instagram are some useful social networking tools. Most Z and Golden Z clubs are active on various social media platforms.

The Z or Golden Z club should:

- Nominate an administrator or a social media committee, who is responsible for social media in the club. Each club member may have a personal account and make comments on social media as an individual, but club information or comments must only be posted by the member(s) designated as administrator(s).
- Write its own club or district social media policy, to ensure a consistent approach if you change administrator.
- Use social media to advertise events, club meetings, fundraising events and other activities.
- Remember that posts and pictures on the web stay forever!

Privacy Information. International data protection regulations must be followed. Every member of a Z club or Golden Z club must give their consent to the storing of their data and how it is being used. Members under the legal age of majority will be required to provide parental consent for storing of their data.

Zonta International does not store any data about Z and Golden Z club members. Name and contact information of members is kept by the sponsoring club, and in some cases by district and international Z club and Golden Z club committees.

Any district, club, or student club websites must have a published privacy policy.

SECTION THREE — Charter Presentation, New Z or Golden Z Club

The purpose of the charter presentation is to:

- present the charter certificate, materials and gavel, if applicable, to the new club,
- induct the charter members,
- install the new club officers,
- introduce the new club to the community by inviting local government officials, civic, and service organization leaders,
- welcome the Z or Golden Z club into Zonta International through the participation of the sponsoring Zonta club, the district and the Zonta International Z Club and Golden Z Club Committee, Zontians from neighboring clubs and, if possible, current and past officers of Zonta International, and
- attain maximum publicity by having members of the press and other media representatives in attendance.

Presentation

The charter presentation need not be a formal event as such an expense may not be within the new club's budget. The charter presentation may be in the form of a luncheon or tea. The important factor is, that the event serves the purposes outlined in this section and that it be scheduled for a time convenient to a majority of the members and in a place accessible to all members and guests.

Setting the date

The officers and committee chairman of the sponsoring Zonta club and the district Z and Golden Z club chairman can assist the new Z or Golden Z club in setting a date.

Zonta International Headquarters should be informed as soon as a date for the charter presentation has been set since it takes approximately six to eight weeks from receipt at headquarters of the *New Z or Golden Z Club Authorization Request Form* and the registration fee to receive the club charter materials.

Preparations

After the date and type of function have been determined, the new Z or Golden Z club president should appoint a committee to arrange the charter presentation event. The chairman of this committee is in charge of this event, and the Z or Golden Z club's treasurer or finance chairman should be part of the committee. The Z or Golden Z club president should be kept informed about the planning progress. It is a good idea to plan the function with the assistance of the sponsoring Zonta club and in coordination with the district Z Club and Golden Z Club Committee chairman.

When making a budget for the event, the organizers should seek sponsorship to the extent feasible. Items in the budget should include, if applicable:

- printing of invitations and program,
- postage,

- communications,
- venue rental,
- table decorations,
- meals or refreshments and gratuities, and
- costs for invited guests.

If it is impossible to arrange a free event, the ticket price should be set high enough to cover all expenses including the invited guests.

Guests

The following is a list of people to consider when creating a guest list for the charter presentation:

- representatives of local service and civic groups,
- local media,
- local government officials,
- sponsoring Zonta club members,
- Zonta district officials,
- parents, and
- advisers, teachers and principal.

Invitation

The invitation should contain the name of the new Z or Golden Z club, the name of the school, if affiliated with a school, the sponsoring Zonta club, venue, date and time and cost to attend, if any. Other information could be guest(s) of honor, keynote speaker(s) and contact details and last date for RSVP.

Invitations can be made electronically or by mail.

Suggested Program Agenda

president or the Z Club and Golden Z Club Committee chairman of the sponsoring Zonta club.

SECTION FOUR — Meetings

Club Meetings

In cooperation with the adviser, the new officers establish a regular time and place for club meetings. The club should schedule at least one regular meeting each month. It is suggested that the adviser or another Zonta club member be present at club meetings or functions to provide support.

Committee Meetings

If the club chooses to have committees, committee work provides club members with a job to perform and scope for initiative. Committee participation helps provide purpose and

meaning to membership in a Z or Golden Z club.

Club committees meet to accomplish business and tasks. Each committee reports on its activities at the club business meetings or as necessary. Ideas for service activities and projects are in Section 5.
